CHANGES COMPLETED IN LEAGUE PACT WIPE OUT SENATOR'S OBJECTIONS

Many Changes Suggested are Made in First Sixteen Sections at Conference Last Night

JAP AMENDMENT FAILS

No Action Yet Taken on Proposal for Safeguarding Monroe Doctrine

(By Associated Press) Paris, March 25.—During a three-hour session last night the league of nations commission considering proposed amendments, disposed tentatively of the first sixteen sections agreeing upon a number of changes in form which the members of the commission believe will meet more than fifty percent of the objections offered by Senator Lodge and other American senators.

President Wilson was in attendance at the meeting at which suggestions from neutral nations as well as belligerents were discussed.

No action was taken on the amendment for safeguarding the Monroe Doctrine.

The Japanese amendment to secure the equality of nations belonging to the league was not adopted and no action was taken on the proposed French amendment for an international military staff.

(By Associated Press) Paris, March 25.—The American peace delegation, it is understood, has definitely agreed upon the amendment it will offer to article ten of the covenant of the league of nations to safeguard the Monroe Doctrine.

The amendment provides that agreements under the covenant shall not be construed to be an infringement upon the principles of international policy heretofore generally recognized.

(By Associated Press) Copenhagen, March 25.—The claim of the Hungarian soviet government to power as set forth in its wireless communications are largely untrue, according to a Vienna dispatch. A panic prevails in Budapest but the country, it is said, has not yet resolved upon a soviet republic.

WILSON AND ORLANDO IN SESSION OF IMPORTANCE

Solution of Italian and Jugo-Slave Line Squabble Becoming Urgent

Two Sessions Daily to be Held in Order to Speed Up Signing of Peace

(By Associated Press) Paris, March 25.—All the delegations to the peace conference are very anxious regarding the situation in eastern Europe and are impressed with the necessity to hasten return of normal conditions.

President Wilson and the allied premiers have decided that henceforth they will hold two sessions daily to bring to a conclusion in the shortest possible time the principal questions concerning the Franco-German and Italian-Jugo-Slav frontiers, reparations and the league of nations.

President Wilson and Premier Orlando met today to discuss the problems of the Italian frontier.

It is becoming more urgent each day to reach a solution of this problem because of the disorders on the eastern coast of the Adriatic.

OFFICER AND WIFE ESCAPE BOLSHEVIKI

General Lodjensky and wife

General Lodjensky, of the Russian Army, and his wife, after many harrowing experiences, in the course of which they escaped death several times at the hands of the Bolsheviks, recently arrived in New York. General Lodjensky has won innumerable decorations for his service in the Russian Army, having fought through the Russo-Japanese War and also the recent world war. Mme. Lodjensky, during the four years of the world war, acted as nurse, and herself has won four decorations for rescuing wounded soldiers. The couple, before leaving Petrograd, were thrown into prison by the Bolsheviks and condemned to death. They managed to escape and made their way to Archangel, where, with British aid, they escaped from Russia.

INTER-ALLIED TROOPS TO BE LANDED AT SPALATO ON DALMATIAN SHORES

Step Taken to Prevent Spread of Serious Disorders Which Have Been Under Way

Action is Blow at New Bolshevik Ambitions in Dalmatia

(By Associated Press) Paris, March 25.—Reports have reached the peace conference that interallied troops will be landed at Spalato, on the Dalmatian coast because of disorders that have occurred there and for fear that graver troubles may arise.

The Hungarians are reported to be trying to spread Bolshevism to that part of the Adriatic coast which they controlled before the downfall of Austria.

ALLIED MISSIONS PLAN TO LEAVE BUDAPEST TO ESCAPE THE BOLSHEVIKI

French in City May be Disarmed, According to Late Reports from New Bolsheviks Stronghold of Budapest

HEAVY FINES ARE FIXED

Two British Monitors Reach Budapest After Passing Under Fire Up Danube

(By Associated Press) Paris, March 25.—Unofficial reports from Budapest state that allied missions there are debating the advisability of leaving and that the disarmament of the French in the city is being considered.

Order prevails and no injury had as yet been done foreigners. American representatives are being assured protection.

Martial law has been declared and the death penalty has been prescribed for armed resistance to the Bolsheviks and for robbery and looting. A fine of 5000 crowns has been fixed for the sale of alcoholic liquors and a fine of 10,000 crowns for drinking it.

Two British monitors are reported to have reached Budapest, having been under fire on their way up the Danube.

Other British and French vessels are near at hand. It is said that rumors that Hungary has declared war on Rumania, Czechoslovakia and Jugo-Slavia are extremely doubtful.

The reported voluntary surrender of arms by French soldiers in Budapest because the men were alleged to be infected with Bolshevism is not correct, the message states.

There is a rumor that the entente commission at Budapest has been detained by the Hungarians. The capital, it is added, has been hermetically sealed by the government against foreign countries.

The correspondent says the rumored advance of Russian Soviet troops toward Hungary has no foundation. He adds that the Russian Bolshevik foreign minister's report on the military situation of the Russian Soviet government was greatly disheartening to the Hungarian government.

AIRCRAFT FIGURES ARE ANNOUNCED

(By Associated Press) Washington, March 25.—Nearly half a billion dollars' worth of aircraft contracts had been cancelled and suspended up to March 19th, according to a War Department announcement today.

A statement shows that on November 3rd 628 DeHavilland Four planes had been put into service at the front and that 457 were in actual commission on that date.

The major casualties, including killed in action, died of wounds, died of disease and other casualties, totaled 98 officers and 2420 men. Listed as missing are 215 men.

ISSUES DENIAL

Premier Hara.

Premier Hara, of Japan, in a recent statement at Tokio, denied rumors that the visits to China of John J. Abott, vice-president of the Continental Commercial Trust and Savings Bank of Chicago, was designed to oust Japanese capitalists from China, according to a dispatch from Tokio. The Premier declared that rumors to this effect were absolutely untrue. He regretted that mischief makers are still bent on entangling Japan and America.

(By Associated Press) Paris, March 25.—Budapest dispatches say Count Karolyi, former premier of Hungary, has been negotiating with the Moscow soviet government since last November through Bolshevik leader Rakovsky, in the Ukraine, with the object of introducing Bolshevism into Hungary, Rumania and Jugo-Slavia.

Rumania, which is the last rampart against Bolshevism, is seriously threatened by 150,000 Russian Bolshevik troops and six Hungarian divisions, the dispatch says.

GERMAN AUSTRIA IS FAVORABLE TO THE BOLSHEVIKI

Private Advance Indicate Threatening State of Affairs with Date Fixed for Transformation to Soviet Rule

(By Associated Press) Paris, March 25.—The conditions in Hungary seem to have affected German-Austria. Advances to the American peace conference delegates from private agents in Vienna indicate the existence of a threatening state of affairs there.

One of these agents who has just come from Vienna reports that even the date has been fixed for some time in April for the transformation of the existing government into a Soviet government which will co-operate or merge with the government of the Hungarian Soviets.

Plots Disclosed

The report of A. Mitchel Palmer, custodian of property which belonged to enemy aliens, recently filed with the government authorities and now a part of the public archives, furnishes, in its statements of facts, abundant disclosures of the deep-seated Hun plotting.

It discloses that quietly, patiently, under the cloak of legitimate business activity, the Germans had been for years endeavoring to gain a hold on our vital industries and activities by which they hoped and believed they would be able to paralyze business, in the event the American people concluded to interfere with their scheme of war and world domination.

Into the transportation arteries so necessary to trade, especially in war, into the manufacture of drugs and chemicals, into vital steel and iron industries, into financial institutions, the stream of German gold was injected all with the idea of war and not as a permanent peace basis investment.

Those who have examined the report of Mr. Palmer announce that, in an amazingly small percentage of instances, do the investments disclose other than a war preparation activity—not even enough to disclose even any attempt to disguise or cover up the iniquitous purpose of the plotters.

But what occurred in America occurred in other nations also. Great Britain and France were honeycombed with investments for war control. As we realize the underlying plot which Mr. Palmer's report discloses it is some consolation that America was not selected as being particularly gullible. The Hun plot extended into every land alike.

Spring is Near

Bright weather, sunny skies and balmy breezes insist on holding dominion of the out-of-doors in this section.

March has made one or two attempts to give us bad weather, but only for a day or two has it been able to draw a curtain of gray clouds across the spring skies and even on those days, at frequent intervals, April, with sunny countenance, would peep out through the cloud curtains and give us a wink of encouragement.

Everywhere optimistic human beings are assembling, in garden patches, piles of rubbish and brush and applying the torch, preparatory to getting the "plot" in shape for the vegetables.

The birds and the wild things are no less confident that spring is near than are human beings. The home building in the trees and in the hollows is proceeding with every assurance, the songs are sung from tree-top and fence rail with a genuineness that can only be accepted as a sure sign.

The Drift

A fair sample of the intemperate utterances which many public men indulge in, these days, to express their disagreement with the government officials is furnished by the speech of Major Dick Foster, member of the general court-martial which tried one hundred and thirty-five "conscientious" objectors.

Because of the final disposition of the objectors, following the signing of the armistice, by Secretary Baker, Major Foster publicly accuses the secretary of war, directly, of "aiding and assisting the I. W. W., International Socialists and Humanitarians."

That Major Foster should not be in accord with the disposition of the objectors made by Secretary Baker is not surprising. He has a perfect right to disagree with the head of the nation's war department. Neither is it reprehensible in the least degree for Major Foster to criticize that act in public addresses, but that he should use such intemperate language is wholly unjustifiable. Such speeches can result in nothing but harm. The utterance of them throws no light on the big issue which is really one worth while and a matter of public concern.

The statement of Major Foster is monstrous. No one knows its falsity better than he does.

We can't expect to stamp out the menace of violence and treason in its incipency while men in semi-official or official positions go up and down the land making such outrageous charges.

Our right of free speech is being abused and misunderstood.

POEM FOR TODAY

NATIONAL PRAYER

Our country, God, we offer Thee,
And plead her cause on bended knee;
Her might we know lies in Thy will
Whose voice the mighty waters still;
In meek humility we pray
God bless America today.

God bless her flag arrayed on high,
Its silken folds against the sky;
Her homes, her institutions dear,
From gun-crowned fort to House of Prayer;

Lord, hear her children when they say
God bless America today.

Look down from Heaven in Thy love
And shower Thy blessings from above
On snow-capped heights and sunny vales,
Her wave-washed strands, and flowery dales;
Throughout her land shed Freedom's ray,
God bless America today.

May she be just, at home, abroad,
And merciful as Thee, O God,
Grant that Thy word shall be her guide,
Let wisdom in her midst abide,
That all the world may with us say,
God bless America today.

Can fondest hearts do more than bleed?
Can lives yield more than noble deed?
Love, more than sacrifice present?
Our souls give but their good intent?
We lay these at Thy feet, and pray
God bless America today.

Cheaper Than Middlings For Hogs

Wheat middlings are poor in quality today, and cost twice as much as they are actually worth in food value. It takes \$5.00 worth of the best flour middlings to equal 100 lbs. of a good balanced ration, high in protein and fat, and low in fibre. Grainola Hog Feed is cheaper per pound of food value than the best middlings or any combination of home mixed feed. Address Simmons & Norris Feed Dept., Cincinnati, O., for sample of Grainola Hog Feed and name of nearest distributor.

Complimenting two favorite members home from College for the spring vacation, Miss Helen Baker and Miss Ruth Hagler, the Chi Delta Chi Club gave an elaborate progressive dinner Monday evening. It was an exceptionally gay affair, the guests and their hostesses merrily enjoying the promenade between the courses and finding it an appetizer for the delicious viands of the five course dinner.

The first course was served at the Bliss home on Washington avenue, with Misses Mary Hanna Bliss and Eleanor Jones the hostesses. Miss Jessie Sunkle entertained for the second course at her home on West Market street—Misses Helen Baker and Jocelyn Bowen were joint hostesses at Miss Baker's Court street home and the fourth course was served at Miss Isabel O'Neal's, on East Market street with Misses O'Neal, Ruth Hagler and Helen Durant hostesses.

The last course was served by Miss Helen McKee of East street, and following the ice cream, cake and coffee the evening wound up joyously with dancing and music.

The courses ran the gamut of novel and tempting viands and the attractive young hostesses were showered with compliments upon the success of the affair.

Their guests were Willis Willis, Joseph Wilson, William Henry Edwards, Walter Weaver, Arnold Shoop, Edwin Shoop, Thomas Rogers, Robert Reardon, Richard Haynes, Dennis Clark.

Dainty refreshments were served. Miss Helen Rodecker was an additional guest.

Local Miami University men, Robert McFadden, chairman, are planning a dance at the K. of P. Castle, following the Miami Glee Club concert Friday night.

Mrs. W. H. Brown charmingly filled the role of hostess to the Tuesday Kensington Club this afternoon.

A delectable repast interspersed social chat.

WEAK STOMACH IS DANGEROUS

When the stomach is out of order the entire system is poisoned. Food ferments, and the products of decay enter the blood. Insomnia, rheumatism, heart trouble and liver and kidney disorders follow. Don't neglect indigestion.

Dr. Parker's Treatment for indigestion and Constipation is so effective it is sold under a money-back guarantee. It relieves quickly, starts normal digestion and tones up the stomach and intestines to do perfect work. When you suffer from headache, pain in back, fickle appetite, insomnia, loss of energy and nervousness, cold hands or feet, constipation or bowel irregularity, bloating, belching, pain in stomach or bowels, or sour stomach, treat the trouble through the stomach, where it starts. "My treatment will positively relieve any one suffering with indigestion or constipation in any form. Your money back if it does not help you."

MISSING WORDS IN BIG CONTEST OF LAST WEEK

The word left out of Contest No. 2 was Cheating and was omitted from the advertisement of Frank Christopher.

NEARLY ALL SOLDIERS TO ATTEND BANQUET

Practically all the discharged soldiers of the county have signified their intention of attending the Business Men-Soldier banquet to be held at the Y. M. C. A. at 6:30 o'clock Wednesday evening.

Of all the cards received up to Tuesday noon not more than half a dozen men have marked "no" on their cards, and these were men who have moved from this city. Almost all the cards have been sent in.

DEATH SUMMONS FORMER PASTOR

Word reached this city shortly after the noon hour Tuesday of the death of Rev. George Carpenter, D. D., pastor of the local Presbyterian church for seventeen years which occurred in Columbus Tuesday morning. Rev. Carpenter preceded Rev. S. E. Alderson in the local Presbyterian pulpit and will be remembered by many old parishioners and friends. He was a fine type of Christian gentleman as well as excellent pastor.

For several years, following the breaking up of their home at Slate Mills, O., Dr. Carpenter and his wife, have resided in Columbus.

Dr. Carpenter was 93 years of age. He is survived by a widow and three sons, Dr. Willard B. Carpenter, of Columbus; George Carpenter, of Chicago, and Charles Carpenter, of New York.

The body will be brought to this city by auto Thursday morning. Services will be held at 10:30 a. m. Thursday and burial will be made in the Washington cemetery.

SIMPLE SERVICES HELD MRS. SHELLABARGER

A number of relatives and friends gathered at the Purcell homestead Monday afternoon at half past one o'clock for the funeral services of Mrs. Ruby Shellabarger, daughter of Mrs. Alice Knight. Included in the gathering were those who had assembled in the same rooms when the grandfather, Hon. James Purcell, answered the same relentless summons and who had also grouped in the home under happier auspices.

"Ruby Knight," as she was best known in this community, had been one to enjoy the bright side of life, but she slept quietly now, robed in the white wedding gown in which she had been married fourteen years ago. Around the casket in affectionate tribute lay a profusion of beautiful flowers, including the floral emblem of the B. P. O. E. No. 129.

Rev. Arthur P. Cherrington conducted a simple service reading a beautiful poem, "Crossing the Bar" and older hymns that are best loved. The burial was made in the Purcell lot of the Washington cemetery, with the pallbearers, Messrs. J. H. Chenault, Erk and Roy Parrett, Will S. Ford, George Worrell, John Rodgers, Mrs. Josephine Purcell and Mrs. Chas. Minshall were here from Columbus.

COMPLAINT MADE OVER SOLICITORS

Numerous complaints have been made over the visits to this city of numerous magazine solicitors and solicitors for the sale of various articles, presumably by discharged soldiers.

Some of these solicitors, according to those making complaints, do not even carry copies of the magazines for which they claim to be taking subscriptions, and do not have the goods

for which they are taking orders, asking for money in advance with nothing to show for it.

Many citizens are very willing to assist, particularly the returned soldiers, but because of circumstances in many instances they are withholding their patronage because of reports that a large number of solicitors are making the rounds and obtaining money under false pretense.

CLINTONS READY TO ENTER FRAY

The Washington Athletics, Wilmington's old time rivals in baseball will be on the job again this summer. It is understood, even though they face a debt of something like \$700 at the present time.

It is almost certain that the Clintons will be reorganized this year, if for no other reason than to show Washington C. H. that the Clintons can still "lick" the Athletics.—Wilmington News.

MORE SHRUBBERY ON SCHOOL LAWN

Additional shrubbery in the nature of a hedge is being planted on the lawn of the High School building, extending along the terrace wall on North street, from Temple to Paint.

This will complete the hedge from the southeast corner of the grounds to Paint street, and it is understood that a similar hedge will be placed along the Paint street terrace wall in the near future.

The hedge will add greatly to the appearance of the already attractive grounds.

It is understood that additional shrubbery is to be added from time to time, the pupils of the High School having taken a great interest in beautifying the grounds.

BUCKSKIN WINS

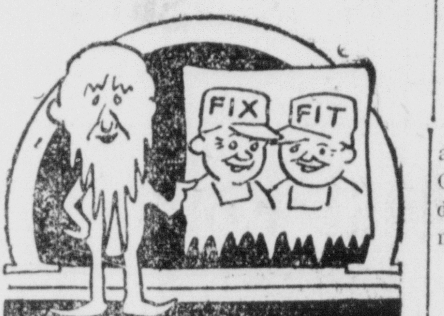

In the New Vienna basketball tournament which was held Friday and Saturday, Buckskin township carried off the pennant in the finals.

Eight teams, mostly from smaller schools, participated.

Local fans will remember Buckskin as the classy team which eliminated Greenfield in the South-Central Ohio Tournament and against whom Washington fought for the cup in the finals in which Washington won 46 to 29.

Hand and Power Pumps for Every Purpose

WATER, WATER, WATER—and plenty of it to drink through MYERS and Heller-ALLER Hand and Power Pumps. Prohibition is an assured fact. The water wagons will soon have to be filled. It's water from now on, and the northwest corner of many a once neglected well will be drawn upon for pure, cold draughts to quench the thirst of a dry nation.

This new condition may be exactly to your liking. Perhaps you are opposed to it. Nevertheless, it is here and the time is here when pure water will be used in larger quantities than ever before. MYERS and HELLER-ALLER Pumps will play an important part in this reconstruction period by providing a means for obtaining a proper water supply for all purposes. Call and see them. A certain unassuming gentleman in this city who happens to be a prominent merchant and who up to a few weeks ago had become a recluse because of his physical condition tells this remarkable and most interesting tale:

"For a number of years," he said, "I have been so closely confined to my business working zealously to make my store representative in every respect that wear and tear finally got me, my face became drawn and haggard and my disposition seemed to urge people to evade me. It was then that I began to despise my own company."

My bookkeeper one day suggested that I needed a rest and that my nerves required attention. She told me that her father had taken Phosphated Iron when in my condition. "Look at him now," she said. "He works ten hours a day and is the happiest man in the world."

"All this happened less than a month ago. I followed the advice and look at me now. Back in the harness with a smile all the while. I am feeling more fit than I ever. When I see a fellow looking face the name of Phosphated Iron immediately comes in my mind. I am convinced that it is converting many a worn out body into a life rich in thought, ambition and enthusiasm."

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

After virtually everyone had given up the promised aerial stunts over this city by an airman boosting the War Savings Stamps sales in Fayette county, word was received about four o'clock Monday evening that the plane was on the point of leaving Circleville for this city.

The news spread rapidly and within a short time thereafter the plane reached this city, gave a very brief exhibition and then after several circles, came to earth on the McLean field just south of this city.

The plane, a Curtiss training ship, from the Fairfield aviation field, contained Lieut. R. C. Swann and Sergt. tained Lieut. R. S. Swann and Sergt. Eglekraut, both expert flyers.

According to Lieut. Swann the plane did not reach this city Sunday because no suitable gasoline could be obtained in Marietta, and they were compelled to stay over night in that city. After exhibitions over Marietta, during which the plane flew under the Ohio River bridge at that point, the airman went to Beverly, Logan, New Lexington and other points, reaching Lancaster for late luncheon on Monday. The plane then came to Circleville and later to this city.

After taking on gas the airman flew about the city for a few minutes, making two dips close to the landing field, and then because of the approach of darkness, headed for Wright field. A large crowd witnessed the flight.
